MONTPELIER

High School Team Were Played Off Its Feet by Soldiers

Not dismayed in the least by Montpelier high school's seven point lead in the first half, the 2d Cavalry, regimental team of Fort Ethan Allen, played the locals off their feet in the closing minutes and won 42 to 21. The game rivalled that of Saturday night in interest although nothing was to be gained by the victory except the feeling of satisfaction which accompanies success.

The locals played under a handicap, Clark, the mainstay of the team, being ill with an abscess in his ear, and his place could not be filled although Putnam, Berry and Jangraw made desperate attempts to do it. Putnam had the misfortune to cut a gash in his forehead just as the game started by coming in contact with a radiator, but he played nearly all the period.

The soldiers displayed some fine floor work and the score would have been greater in their favor had their shots been more accurate. They kept possession of the ball almost all the time in the final period and forged ahead in the last few minutes. With the score 40 to 40, Silverman shot two baskets from fouls and Gross made one just as time was called. The summary:

2d Cavalry Montpelier high
Silverman 11, Gross 6, Jangraw 6, Kingsbury 2, Chaillou 2, Woodworth 2, Putnam, Berry, Smith, Pape, McGee, Ig, McVey, Ig, Pape, Ig

Baskets from floor—Silverman 6, Wickwire 6, Gross 4, Jangraw 5, Kingsbury 2, Chaillou 3, McVey 2, Woodworth 2, Putnam, Berry, Smith, Pape. Baskets from fouls—Silverman 4, Gross 5, Referee—Dole. Time—two 20-minute periods.

Notice, Lumpers, Boxers and Derrickmen!

At our last regular meeting, held Jan. 11, we endorsed the action of the A. F. of L. convention to aid the United Hatters. The appeal asks all union men to contribute one hour's pay, Jan. 27. Will you give an hour? Not an hour to read this, but an hour of your labor in a righteous cause on hatters' day, Jan. 27, 1916. This is a voluntary contribution, but an hour's wage is a small amount for each, but it will be a considerable sum, providing we all dig down. It will restore to those who are about to lose their little homes, which means so much to them.

All contributions to be paid to S. E. Perry, Business. George Thompson, Cor. Sec.—adv.

The Roads Will Live.

If the railroads can dig their way out of such a freight tie-up as has crippled their lines in the last few weeks of the munitions rush—and they are digging nobly—it would seem as though their ability to meet heavy physical difficulties might promise some success in handling some of the economic problems presented by the threatened demand of the railroad brotherhoods.

Railroad finances at this time are not such as to make a higher wage scale a cheerful subject for the roads. But if the four great brotherhoods, including employees on every road in the country, vote for the increase and stand together in fighting for it, there will have to be another period of railroad readjustment and possibly an uncomfortable one.

The importance of a group of organizations that could cripple the railways of the whole country is impressive. Such a country-wide move as the railroad labor leaders plan may hinder the railroads in more ways than one. For, with a new realization of the vital necessity of railroads as a means for defense of the country, the government may be inclined to exercise more instead of less control over railroad affairs.

But the railroads may be assured that though the public interest looks first to a fair wage for railroad workmen, there is no danger that any road will be abused in the ultimate chance of revenues and expenses. The government, from the most revengeful legislature to the highest executive, is due with its bludgeoning tactics. Every mile of road is needed to roll along the tone of the prosperity that is promised and prayed for on every side. The railroads needn't tremble. Let the public and its Congress do the worrying.—Boston Journal.

Whether or not Goddard seminary is to be reopened next Tuesday will be decided at a meeting of the school and health authorities to be held late this afternoon. The school was closed by the state board of health nearly 10 days ago on account of scarlet fever. Four students who are confined in a dormitory at the seminary are making steady progress toward recovery and thus far none of them has experienced the malady in a severe form. Prin. O. K. Hollister stated this forenoon that it was possible that the enforced vacation will have to be extended. Those students who are ill with the disease at the school will have to be transferred elsewhere before the health authorities will permit sessions to be resumed. Thus far four cases of the fever among students who went to their homes 10 days ago have been reported.

Owing to a delay encountered in securing certificates and stamps, to-morrow, instead of to-day, the day designated by President Wilson, will be devoted to receiving subscriptions for the relief of Jews who are suffering through the European war. Local Hebrews, acting in conjunction with the Central Relief Fund committee in New York are backing the movement in Barre and to-morrow morning volunteer committees will start soliciting at 8 o'clock. The committees are to be aided by Mrs. W. F. Shepard. It should be understood that the appeal for aid is being made throughout the country to all people, irrespective of creed. In Burlington and other centers of population in Vermont much money has been received already. It is estimated that more than 9,000,000 Jews have been reduced to the point of starvation by the exigencies of war. The list of committees working in the various wards of the city will be published in to-morrow's Times.
